

KOSHYS
INSTITUTE OF TECHNOLOGY

At Koshys Institute of Technology, we believe education should do more than teach concepts. It should prepare students to perform, adapt, and lead in the real world. Our programs are designed with industry relevance at the core, combining strong academic foundations with hands-on exposure, modern tools, and career focused training.

We nurture engineers, innovators, and problem-solvers who are ready to meet the demands of today's technology-driven world.

**INDUSTRY FIRST EDUCATION
STUDY SMART. STRESS LESS.
ACHIEVE MORE.**

Engineering That Trains Your Brain – Not Just Your Degree

At Koshys Group of Institutions, learning goes beyond classrooms and textbooks. Along with strong academics and industry-aligned programs, we empower students with scientifically proven memory and learning techniques that help them understand faster, remember longer, and perform better.

Here, you don't just earn a degree — you master how to learn, build confidence, and prepare for real-world careers with clarity and focus.

PROGRAMS OFFERED

All programs are powered by industry-aligned curriculum and memory-based learning techniques for better understanding and performance.

Computer Science Engineering (CSE)

Code the future you imagine.

Design, develop, and deploy software solutions that power the digital world from apps and platforms to intelligent systems used globally.

Career paths: Software Engineer, Full-Stack Developer, System Architect

Information Science & Engineering (ISE / ISC)

Where Technology Meets Innovation

Master the art of designing, managing, and optimizing information systems that drive modern businesses and digital enterprises.

Career paths: IT Consultant, Systems Analyst, Technology Manager

Artificial Intelligence & Machine Learning (AI & ML)

Create Machines That Think, Teach machines to think smarter & Learn

Work on intelligent systems that analyse data, predict outcomes, & automate decisions —shaping the future of technology and industry.

Career paths: AI Engineer, ML Specialist, Research Analyst

Electronics & Communication Engineering (ECE)

Build the Backbone of Modern Technology

Design and work with hardware, communication systems, and embedded technologies that connect the world and power smart devices.

Career paths: Embedded Engineer, Hardware Designer, Communication Engineer

LEARN FASTER, REMEMBER LONGER, PERFORM BETTER

Focused on focus, retention, and performance

- Industry-ready engineering education backed by 23+ years of academic excellence
- Memory coaching & learning enhancement sessions to improve focus, retention, and exam performance
- A vibrant, secure residential campus in Bangalore
- Modern infrastructure, smart classrooms, and hands-on learning
- Holistic student development — academics, confidence, leadership, and life skills

PLACEMENTS & CAREER READINESS

Placements Are Not an Afterthought — They Start from Day One

As a new-age institution, Koshys Institute of Technology has built its placement ecosystem even before welcoming its first batch of students.

Unlike conventional colleges that begin placement efforts in the final year, Koshys has proactively established industry partnerships and MoUs in advance, ensuring students are trained, mentored, and guided towards employability from the very first year.

INDUSTRY PARTNERSHIPS IN PLACE EVEN BEFORE OUR FIRST BATCH

Koshys is among the very few engineering colleges to:

- Sign industry MoUs before the commencement of the first batch.
- Design curriculum and training aligned to industry expectations.
- Commit dedicated resources for career readiness and placement preparation

This early-start approach reflects our unwavering commitment to student careers.

WE IMBIBE COMMITMENT

- Continuous skill development and career training
- Industry interaction, mentoring, and exposure
- Internship and project support through industry partners
- Placement assistance through structured career planning
- A focused, accountable placement cell working exclusively for student outcomes

We are committed to ethically and strategically supporting our students in building strong and meaningful career opportunities.

WHAT MAKES KOSHYS THE RIGHT CHOICE FOR YOU

Career Planning from Day One

Your career journey begins in the first year — not the final semester.

Powered by Memory-Based Learning

Your career journey begins in the first year — not the final semester.

Built for Today's Industry

Curriculum, labs, and training aligned with real-world technology and industry expectations.

Industry MoUs in Place Before the First Batch

Career partnerships and industry connections are established even before admissions begin.

Mentorship That Actually Cares

Small-batch attention, approachable faculty, and continuous academic guidance.

More Than Engineers — We Build Professionals

Communication, leadership, confidence, and ethics are part of your education.

A Safe, Modern, Student-Friendly Campus

A vibrant residential environment that supports learning, wellbeing, and personal growth.

@ KOSHYS

You graduate not just with a degree — but with clarity, capability, and confidence.

Admissions Through Recognised Entrance Tests

Admissions to Koshys Institute of Technology are carried out in accordance with government norms and eligibility criteria.

- Passed 10+2 / PUC / equivalent with Physics and Mathematics as compulsory subjects
- Chemistry / Biotechnology / Biology / Computer Science / Electronics as an optional subject
- Must meet the minimum eligibility criteria prescribed by the regulatory authorities

SCHOLARSHIPS, EDUCATION LOANS & STUDENT SUPPORT

Support That Helps You Focus on Your Future

At Koshys Institute of Technology, we believe that financial limitations should never be a barrier to quality education. We offer structured financial support and guidance so students can focus on learning and career growth.

SCHOLARSHIP OPPORTUNITIES

- **Merit-Based Scholarships**
For academically high-performing students
- **Need-Based Financial Support**
Assistance for deserving students based on eligibility
- **Special Category Scholarships**
As per institutional and regulatory norms

EDUCATION LOAN ASSISTANCE

We facilitate education loans through recognised banks and financial institutions, helping eligible students and parents access financial support smoothly.

- Guidance on loan application process
- Support with required academic documents
- Assistance as per bank and institutional norms

Loan approval is subject to the policies of the respective financial institutions.

Academic Partners

📍 # 31/1, Kannur P.O, Hennur-Bagalur Road, Mitganahalli, Kadusonnapanahalli, Bengaluru, Karnataka 562149.
